Focus on Severe Suffering – Cumulative severity

Leiden, The Netherlands, in-person

12 & 13 October 2023

This 5th RSPCA international meeting is held in association with the Netherlands National Committee for the Protection of Animals used for Scientific Purposes (NCad), Leiden University Medical Center, Dutch Association for Laboratory Animal Science (DALAS) and the University of Leiden

Sessions include:

- **A workshop on cumulative severity**
- **Case studies on avoiding severe suffering in basic and applied research**
- **Implementing the ‘Roadmap’ to reduce severe suffering**
- **Roles, responsibilities and communication to optimise refinement**

Registration for this 1.5 day event is free, including lunch and refreshments, thanks to the generosity of RSPCA sponsors, NCad and the University of Leiden. The meeting is open to those directly involved in the care and use of laboratory animals. Registration is at tinyurl.com/RSPCALeiden23 and if you would like further information, please contact animalsinscience@rspca.org.uk
