

Maximising the effectiveness of your AWERB

An RSPCA/University of Manchester event

University of Manchester

10.00-15.30, 12 May 2023

This one-day workshop is primarily intended for all members of AWERBs within the North West Hub region, although it is also open to AWERB members from other regions and those with a direct interest in helping AWERBs run effectively. We welcome multiple registrations from members of the same AWERB.

There are four sessions:

- 'E' is for 'Ethics'
- Advising on the 3Rs
- Training for AWERB members
- Self-assessment: how well is your AWERB doing?

The event includes presentations, including case studies, and discussion sessions with the opportunity to identify action points for your AWERB.

Registration is £45, which includes lunch and refreshments. If you would like further information, please contact animalsinscience@rspca.org.uk and you can register at [awerbffect23.eventbrite.co.uk/](https://www.eventbrite.co.uk/awerbffect23) (closing on 5 May).
